***Response to Amendment***

The amendment faxed on 11/09/04 is sufficient to overcome the prior art reference.

**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph J. Pophal on 11/29/04. The application has been amended as follows: Claims 6-10 being a group of different class such as 29 and or 137 are restrictable and such the claims are cancelled for further consideration. Another continuation application may be initiated as discussed on telephone.

***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: Claims 1 and 5 are allowable because the prior art of record fails to disclose or suggest or teach the recited deformed portion of the valve body surrounding the opening to the bore on the surface in forced engagement with the bead without an external fastener so as to secure the tube to the valve body in fluid-tight relation therewith (see claim 1 and 5). Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany
